# Interreg Europe EE Projects

## Main Ongoing Projects

DAPHNE

Decarbonising healthcare in EU regions

DETOCS

DEcarbonising the TOURism Industry Post Covid-19 Support

FEEL

Frugal cities through Energy Efficiency and Low-tech communities

Green4HEAT

Accelerating the uptake of green heating and cooling solutions across EU territories

MonitorEE

Improving energy efficiency through smarter management systems

# Interreg Europe EE Projects

## Main Ongoing Projects

DAPHNE

Public buildings – energy efficiency and renewables integration in healthcare

DETOCS

Energy efficiency of tourism infrastructure, energy self-sufficiency of touristic facilities

FEEL

Low-tech interventions, ecodesign, community co-operations

Green4HEAT

District heating, territorial heat planning, heat pumps, geothermal heat, thermal energy communities

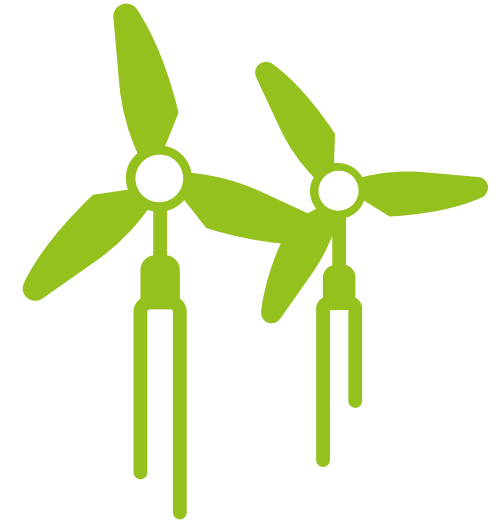

MonitorEE

Energy management, training, financial products and investment, administrative procedures, implementation of national long-term renovation strategies

**Tackling energy poverty with low-carbon interventions**

A Policy Brief from the Policy Learning Platform on Low-carbon economy

June 2022

**Skills for the Energy Transition**

A Policy Brief from the Policy Learning Platform on Low-carbon economy

February 2021

**Supporting energy renovation of private households through One-Stop-Shops**

A Policy Brief from the Policy Learning Platform on Low-carbon economy

September 2019

**Funding Energy Efficiency through Financial Instruments**

A Policy Brief from the Policy Learning Platform on Low-carbon economy

March 2019

# Event Recordings & Reports

## Webinars

- Smart Energy Management
- District approaches to sustainable energy
- Jobs and skills for the energy transition
- Green transition under the European Recovery and Resilience Facility
- Improving energy performance in social housing

# Policy Learning Platform Services

- **Peer Review** – Two-day intensive meeting where peers will visit your region to advise you on your regional policy challenge
- **Matchmaking** – Short, intensive meeting (online or in-person) to discuss your issues with regions that have already successfully tackled them
- **Online Discussion** – 90 minute online, cross-project, discussion to dive, in-depth, into a specific challenge
- **Helpdesk** – Tell us your challenge and we can point you towards good practices, resources, projects and European support programmes

# Peer Reviews & Matchmakings

- The absorption of structural funds for energy efficiency – Hauts-de-France Region, France
- Energy Efficiency: skills and programmes for SMEs – Region of West Macedonia, Greece
- Financing and incentivising energy renovation of condominiums – Métropole Européenne de Lille, France
- Reducing the carbon footprint of buildings – Partnership of Latvian Constructors
- Supporting reuse of boilers in private housing – Province of East Flanders, Belgium
- How to support positive energy districts and district level deep renovations? - Energy Cities

# Agenda

## 09h:00 – 09h50 – Welcomes & Introduction

- **Welcome from the city of Vienna and introduction to Vienna's strategy "Phasing Out Gas – Heating and Cooling Vienna 2040"**  
Thomas Kreitmayer, Programme Coordinator, City of Vienna
- **Welcome from Interreg Europe, state of play and the Platform actions**  
Verena Priem, Joint Secretariat Interreg Europe
- **Policy Learning Platform Activities in Energy Efficiency**  
Simon Hunkin, Policy Learning Platform
- **Ice Breaker**

# Agenda

## 09h:50 – 10h20 – Keynotes

- **Making the Renovation Wave Effective** – Mariangiola Fabbri, Building Performance Institute Europe
- **Heat Pumps in the Heating Transition and the expected Heat Pump Action Plan** – Mélanie Auvray, European Heat Pump Association

## 10h20 – 11h30 – Theme 1: One-Stop-Shops for Energy Renovation

- **Hauskunft Vienna** – Gerhard Gössinger, Hauskunft, City of Vienna
- **Atnaujinkime Miestą, Vilnius OSS** – Mantas Vilys, Director of Lithuanian Innovation Centre (NEBA)
- **AMELIO** – Elena Iturra, European Metropolis of Lille (Interreg Europe peer review beneficiary)

# Agenda

**11h:30 – 11h50 – Coffee Break**

**11h50 – 13h00 – Theme 2: Approaches for Large Scale Renovation**

- **Energy renovation of Soviet-era apartment blocks in Stadtroda, Germany –** Cornelia Gießler, Ministry of Environment, Energy and Nature Protection, Free State of Thuringia
- **Coach CoPro & EnerSIG –** Océane Cirera, Paris Climate Agency, France (MonitorEE)
- **Homes4All –** Matteo Robiglio, Homes4All, Italy (NEBA)

**13h00 – 14h00 – Networking Lunch**

# Agenda

14h:00 – 15h20 – Interactive World Café Session

15h20 – 15h45 – Coffee Break

15h45 – 18h00 – Site Visit

- “Get out of gas” showcase project”: Conversion of the heating system in a social housing building

18h00 – 20h00 – Networking Cocktail

**Coffee Break**  
Back 11:50

**Lunch Break**  
Back 14:00

# Interactive Session – World Café

- Participants split in groups of 8-10 people. Each group works for 60 minutes on two key challenges of the building renovation process, **aggregation** and **speeding up**
- Each table has a table host from the organisers to ensure all questions are addressed in the given time frame
- Each table selects a **rapporteur for the 1st topic** and a **rapporteur for the 2nd topic** who will present the key points from the discussions to the plenary later

## Aggregation

- What areas of the renovation process can be aggregated?
- What are the barriers to aggregation in the areas identified?
- What changes are necessary and who is responsible?

## Speeding up the process

- What is slowing down the renovation process?
- What can be done to speed it up (in theory and concrete examples)?
- What changes are necessary and who is responsible?

**Coffee Break**  
+ Get ready for study visit

# Site Visit – Get out of Gas

- Miesbachgasse 10, 2. Sector, Vienna
- Direct on Line U2 – Stop Taborstraße
- Follow the group!

**Interreg  
Europe**
