Why join EKINN Campus San Sebastián?

- Because it's a unique immersion programme aimed at young people interested in entrepreneurship or in developing a business idea in its initial phase.
- Because it's the gateway to EKINN Campus. The international community of young entrepreneurs that will provide you with contacts and opportunities.
- Because over an entire week (Monday to Friday), this expert programme - taught 100% in English - will be offering:
 - **Training and capacity-building in Entrepreneurship** provided by senior mentors who will help you understand the different variables involved in launching a business, including the stage of the business, and the necessary arrangements to start your project.
 - **Personalized mentoring experience** and guidance to create your storytelling
 - **Connection to innovative entrepreneurship ecosystems** at local, national and international levels.
 - **Demo Day:** project pitch + award.
- Because San Sebastián is a city to enjoy: gastronomy, culture, nature ... living and breathing innovation.

Who can participate?

- A maximum of 20 young people from San Sebastián and abroad.
- 18-30 years old.
- A very good command of English.
- Those with innovative business projects at the creation or implementation phase, or those interested in innovative entrepreneurship.

Commitment to attend and participate in all the programme's activities and milestones.

We value positively:

- Young entrepreneurs who have matured their ideas in a previous entrepreneurship programme/grant
- Winners or runners-up in an entrepreneurship award.

What are the programme's contents?

Training:

Five days from 1st to 5th July, divided into topics:

- Business models.
- Commercialization, marketing and sales.
- Financing and investment.
- Sustainability and Social Innovation.
- Pitch day (last day).

Time schedules:

- 9.30-14.00 Training + Connection to ecosystems
- 15.00-18.00 Team work

Connection to Ecosystems:

Daily connections to local (San Sebastián), national (Madrid) and international (Boston and Lisbon) ecosystems.

Services:

- Free access to the Summer Campus.
- 100% Accommodation Allowance (preferably at the EKINN building).
- Training, advisory services and connection to innovative ecosystem.
- Coworking spaces at the [EKINN](#) building.
- Welcome Pack (information pack).

How to take part

Motivational letter in English required.

Campus San Sebastian

Young Entrepreneurship School of San Sebastian

- **An innovation and entrepreneurship benchmark** for the city's young people.
- **A space for sharing experiences** with young entrepreneurs from other countries.
- **A platform to raise awareness** about entrepreneurship among young people.
- **Capacity-building to transform** innovative projects into business projects.
- **Support the youth during their journey as entrepreneurs** offering spaces to live and work as well as guidance and training
- **Showcasing San Sebastián as a city to set up** new innovative projects with non-local talent. In San Sebastián, your idea isn't just another project
