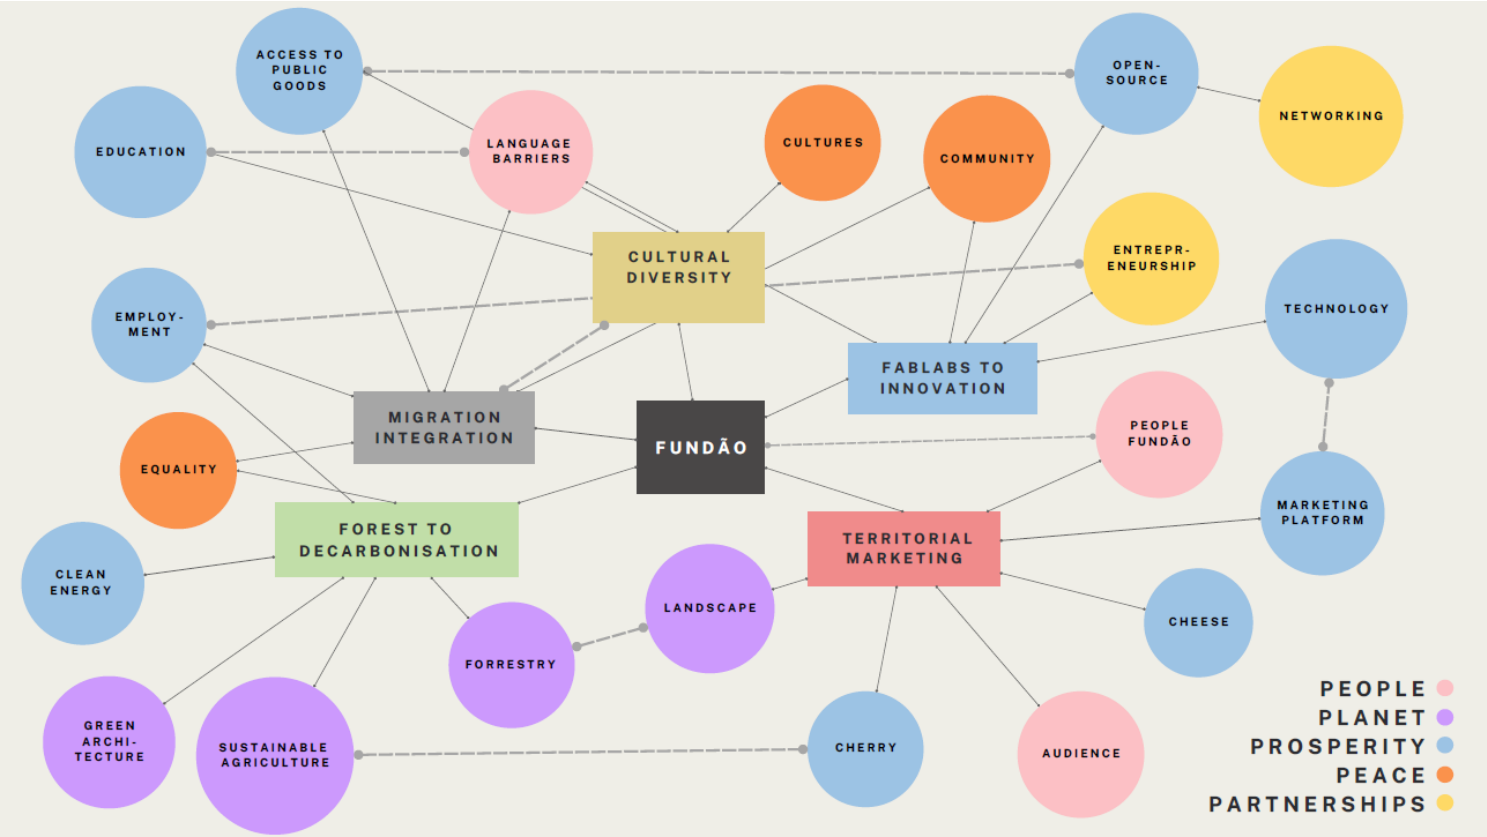
Fundão Voluntary Local Review



FUNDÃO + SUSTAINABLE

Commitment:

- Reduce CO2 (and possibly other greenhouse gas) emissions in the territory by at least 40% by 2030, in particular by improving energy efficiency and making greater use of renewable energy sources. Increase its resilience by adapting to the impacts of climate change.

LAUREA * In progress	

To properly **identify most vulnerable to climate change regions and communities in Europe.**

To **conduct a deep analysis on them** (value chains, socio-economic factors, general public behaviour, key economic sectors).

To **perform transversal actions to empower them** (Living labs, training activities).

To **execute technical actions** in different economic sectors.

To **communicate results** using a knowledge that inspires approach.

Fundão, a smart rural city

- **Fundão's Cherry, recognized brand**
- **positive migratory balance**
- **73 nationalities**
- **innovation ecosystem reference in Portugal**
- **Digital nomads' home**
- **> 1,000 IT professionals**
- **16 IT companies**
- **90 start-ups since 2013**
- **supported 250 private investment projects**
- **Coding classes from age 6**
- **1ST Social Impact Bond in Portugal, Code Academy Bootcamps**
- **2015, 1ST place in the European Enterprise Promotion Awards**
- **2016, Municipality of the Year**
- **2018, 1st place in the RegioStars Awards**
