

Interreg Europe

Co-funded by the European Union

ENAIBLER

ENAIBLER will empower public sector organisations to take advantage of artificial intelligence and digitally transform their regions and cities.

[www.interregeurope.eu/ENAIBLER](http://www.interregeurope.eu/ENAIBLER)

**Artificial intelligence (AI)** is acknowledged as one of the gamechangers in the digitisation of territories and the public sector can play a vital role if it is empowered in the use of AI which it is the main objective of **Interreg Europe** funded **ENAIBLER** project.

**ENAIBLER** brings together **8 partners from 5 EU regions** to work in the digital transformation of their area.
