Peer reviews

Governance and policies against floods and droughts in Hauts-de-France

On 24-26 September 2024, the Policy Learning Platform held an onsite peer review for the Hauts de France Region, which requested advice regarding their policy challenge on governance and policy strategies for greater regional climate resilience against floods and droughts.

Greater climate water management for the Delta of the Aa River and its polders

On 24-26 September 2024, the Policy Learning Platform held an onsite peer review for the Institution Intercommunale des Wateringues, which requested advice regarding their policy challenge on water management for the Aa River and its polders.

Governance and collaboration for river restoration and blue-green infrastructure

Explore how governance and collaboration can impact the restoration of rivers and blue green infrastructure in this peer review report

Protecting and recovering local biodiversity

On 21 and 22 June 2023, the Policy Learning Platform organised an onsite peer review for the benefit of the Norfolk County Council
