

Interreg Europe

Co-funded by the European Union

MonitorEE

The MonitorEE project is part of the Interreg Europe community, specifically within the 'GREEN' project branch.

Midway Milestone: Achievements and Next Steps in **MonitorEE**

We're excited to announce that the MonitorEE project has hit a significant milestone: **the midpoint of the CORE phase!** Over the past few semesters, our collaborative efforts have unlocked invaluable insights from partners regions. With a mix of learning activities, the exchange of good practices, local stakeholder meetings, and an engaging interregional event, this semester has been nothing short of transformative.

Highlights from the 3rd Interregional Event in Craiova

The South-West Oltenia Regional Development Agency hosted the 3rd interregional event in Craiova on May 21-22, 2024. The event highlighted regional energy efficiency achievements, showcased innovative projects and included study visits to local projects. It provided a valuable platform for sharing knowledge and promoting international collaboration.
