

## Meet the University of Aveiro

*Lead Partner and Project Coordinator: Jorge Bandeira, Assistant Research at the University of Aveiro, Portugal; Project Manager: Eloísa Macedo, Researcher at the University of Aveiro, Portugal*

The Universidade de Aveiro (UA) is a public foundation under private law whose mission is to contribute to and develop graduate and postgraduate education and training, research and cooperation with society. The UA's mission is to create, share and apply knowledge, involving the whole community through teaching, research and cooperation with the surrounding environment, in order to make a clear difference for individuals and society.

### The role in SPOTLOG

The University of Aveiro has vast experience in research, project coordination, innovation, and close collaboration with public authorities. Through SPOTLOG, UA seeks to optimise logistics policies for a greener, more efficient future. Key responsibilities under SPOTLOG include:

- Coordinating activities among all project partners
- Ensuring project milestones and objectives are met on time and within budget
- Managing the overall project budget and financial reporting
- Facilitating knowledge exchange and best practices sharing across regions.

### The importance of being part of SPOTLOG

By leading SPOTLOG, the University of Aveiro not only contributes to advancing sustainable logistics across European regions but also directly impacts the economic and environmental landscape of the Centro Region, in Portugal. SPOTLOG focus on green logistics aligns with the region's environmental goals, helping to reduce carbon emissions and promote eco-friendly transport solutions, and through interregional learning, the project enables the adoption of good practices in logistics policies, enhancing the region's competitiveness.
