# Agenda

## **Welcome & Introduction**

Magda Michalíková, Interreg Europe Policy Learning Platform

---

## **Keynote presentation**

Francesco Lembo, ACR+ on 'Reuse – a key driver for reducing the quantity of waste generated in Europe'

---

## **Interreg Europe policy changes & good practices**

Agne Juciene, Alytus Regional Waste Management Centre (Lithuania) on 'Preparation for reuse system in Alytus region' (StopWaste)

Marinka Vovk, Environmental Research Institute (Slovenia) on 'Reuse of used electronic equipment' (WEEEWaste)

Marino Cavallo, Metropolitan City of Bologna (Italy) on 'Implementation of reuse models at events' (MINEV)

---

## **Panel discussion / Q&A**

## **Wrap up & Conclusions**

---

# Interreg Europe projects

## MINEV

MINEV helps public authorities minimise the environmental impact of large-scale events which lead to resource consumption and waste generation.

Ongoing

Circular economy

## CIBUS

CIBUS aims to reduce food waste across food chain in eight regions by increasing public capacity to design cross-sector and innovation based policies.

Ongoing

## PLASTIX

PLASTIX supports the transition towards circular economy by addressing the reusability, recyclability and replaceability of plastics.

Ongoing

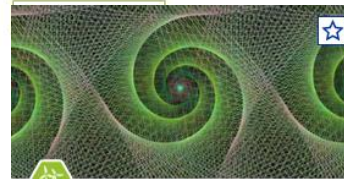

Circular economy

## TEXAD

TEXAD improves developing municipalities' policy instruments treating textile waste in circular models to fully exploit the benefits of green growth.

Ongoing

## KARMA

KARMA aims to improve local climate policies through circular construction actions.

Ongoing

Circular economy

## StopWaste

StopWaste promotes interregional exchange of experience to improve regional and local policies that foster the adoption of waste prevention practices.

Ongoing

## INERTWASTE

INERTWASTE will ensure quality management of inert and inorganic waste and promote circularity of resources for construction and industrial processes.

Ongoing

Circular economy

## CLEAR CITIES

CLEAR CITIES aims at promoting carbon-less urban waste management policies for sustainable, safe, and resilient cities.

Ongoing

## WEEEWaste

WEEEWaste aims at improving policies for the management of waste from electrical and electronic equipment and the reuse of e-waste in the EU.

Ongoing

Circular economy

Ongoing

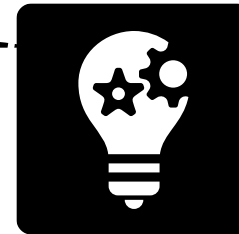

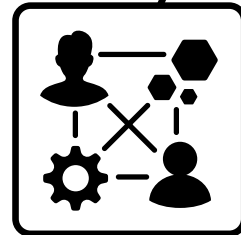

Circular economy

# Peer learning **IN PRACTICE**

📍 **93 peer reviews** implemented since 2019  
14 peer reviews in the pipeline

📍 **51 matchmaking** sessions

- Apply at any time!
- Assessment of application within 1 month max
- Events take place in line with the agenda of host, local stakeholders and peers

**Apply** to benefit from expert support any time <https://www.interregeurope.eu/get-policy-advice>

# Peer reviews

## Effective regional framework for Sustainable Waste Management and the Circular Economy

Discover the policy recommendations from the online peer review that took place on 14 and 15 October 2020 for the the Košice Self-governing Region (Slovakia).

24 March 2021 | By Platform

## Waste prevention and separate waste collection in a circular economy

Discover the policy recommendations coming from the peer review hosted by the Burgas Municipality on 2 and 3 December 2020.

19 February 2021 | By Platform

## Separate waste collection and PAYT schemes

Discover policy recommendations from the peer review on Separate waste collection and PAYT schemes for the benefit of LIPOR.

14 April 2022 | By Platform

## Implementation of sustainable waste management in a circular economy

Discover the outcomes of the online peer review in Warmińsko-Mazurskie Voivodeship on how to accelerate the shift to a circular economy.

01 February 2021 | By Platform

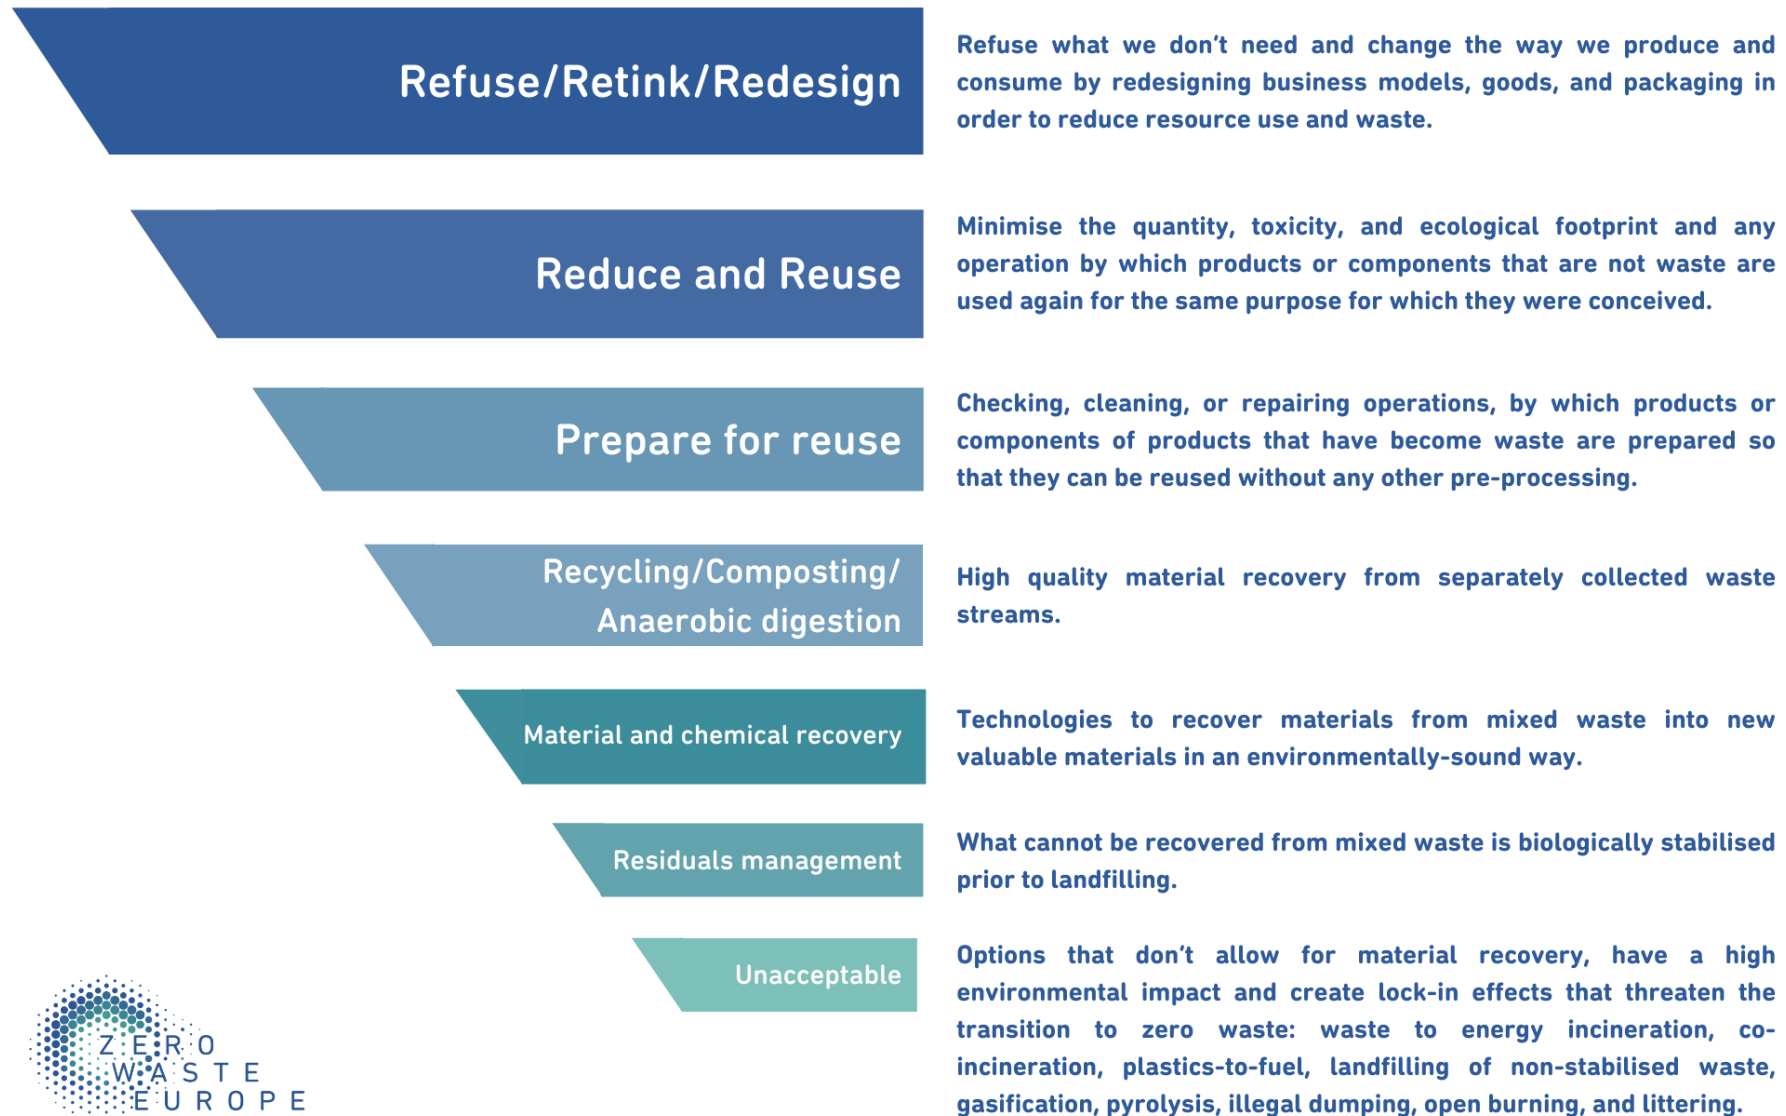

## Circular economy in textiles and clothing: policy recommendations

Explore the policy recommendations from the peer review for the region of Central Macedonia, on circular economy in textiles and clothing.

02 February 2022 | By Platform

# Zero Waste Hierarchy

# Resources – waste prevention and reuse

## Reuse and repair in a circular and social economy

The linear 'take, make, use, and dispose' economy is driving the climate emergency.

16 December 2022 | By Platform

## Leading the way towards waste prevention

Discover EU initiatives to support waste prevention such as action food waste prevention and green public procurement as well as good practices from across Europe.

05 April 2023 | By Platform

## Reuse and repair in the circular economy

Explore the key learnings, presentations and recording of our reuse and repair online workshop that took place in January 2023.

30 January 2023 | By Platform

## Zero waste education and participation: Key learnings

On 4 May, the Policy Learning Platform hosted the second webinar of the waste prevention series. This session focused on zero waste education and participation, watch the recording and discover the key learnings.

28 April 2023 | By Platform

## Green public procurement: Key learnings

On 27 April, the Policy Learning Platform hosted the first webinar of the waste prevention series. This session focused on green public procurement, watch the recording and discover the key learnings.
