Welcome session

Greeting from the Lead Partner

Welcome to the second edition of the MaaSolutions newsletter! We are excited to share updates on our shared journey toward smarter, greener mobility. From stakeholder engagement to international learning events, our cooperation is yielding tangible results. We are proud of the progress made so far and of our continued collaboration, that reflects the strength of this partnership. As Lead Partner, Puglia Region is committed to advancing innovative, sustainable transport solutions across Europe.

Francesca Guadalupi
Project Manager
Puglia Region

Partner introduction

Lead Partner: Puglia Region

Apulia (Puglia), located in southern Italy, is the "heel" of the Italian boot, with 800 km of coastline and a population of 3.9 million. Bari is the regional capital. Apulia focuses on sustainable mobility, replacing polluting vehicles with eco-friendly alternatives. The "MaaS4Puglia" as a development program in the region aims to improve urban mobility through digital solutions, promoting sustainable transportation and reducing car traffic.

Vas County Government Office

Vas County, located in western Hungary, borders Austria and Slovenia. It covers 3,336 km² and has a population of 249,513. The capital, Szombathely, sits on the ruins of ancient Savaria. Known for its rich history, cultural heritage, and natural attractions like Órség National Park, the county also leads the MaaSolutions project, focusing on mobility, environment, and cultural planning.

Results achieved so far

Online Partner meeting

On March 11, 2025 the MaaSolutions partners came together in the online space to discuss the latest activities in MaaS (Mobility as a Service)! We covered technical updates, but also delved into exciting next steps:

- ✓ End-user questionnaire
- ✓ Study visit in Hungary
