Interregional events for increasing capacities

Financial instruments to boost energy efficiency in buildings

AN INNOVATIVE PROJECT FOR NEW FINANCIAL SCHEMES

Extremadura's new FI

The modification of the Operational Programme allowed the creation of a new Financial Instrument: a Guarantee Fund for wide-scale residential building renovations.

INFIN PROGRAMME City of Prague

INFIN program is aimed at providing FI in form of preferential loans to start-ups and young companies based in the capital city of Prague. Thanks to FINERPOL, it is partly oriented also on young companies operating in the area of energy efficiency and renewable resources
