## Project results

Insight into the policy changes and results of Interreg Europe projects and their interregional cooperation.

With all funds committed and projects reporting on the implementation of their action plans, we are proud to present an overview of the results the interregional cooperation brings.

Explore our [web documentary](#) and find out what happens when people work together. Look at the key numbers about our results below and the map of involvement of regions in Interreg Europe. Or scroll a bit and discover a few specific stories of policy changes.

### Regional policy making made more efficient

Our projects have been very active. By mid-May 2020, they held over 8,200 policy learning events and identified more than **2,600 good practices**. Over 1,500 of them are in our [good practice database](#).

Over **8,300 people** engaged in the projects feel that their professional capacity increased thanks to the project activities.

Moreover, 130 projects from the first and the second calls finalised their phase 1 in 2019 and developed **612 action plans** for their regions.

#### When people work together solutions come easily

Delve deeper into the stories of four of our projects. What did they achieve? How did they do it? Where did their inspiration come from?
